Dear Sir:

In response to the Official Action of July 3, 2002, please amend the above-identified application as follows:

Claim 1 (Twice Rewritten)A navigation system for a motor vehicle comprising:

[containing a central processor connected to an input unit and to an output unit, to position determination means and to a storage element for map data, and means for associating an ascertained vehicle position with a data record, stored in the storage element, of the map data, wherein the storage element (5) stores information about traffic restrictions which is part of a data record of the map data, and traffic restrictions relevant to the ascertained vehicle position are displayed on the display unit (3; 19).]
